

# FLAME RESISTANT MASSIF® BREEZE™ T-SHIRT

Our development team started from scratch in order to design the world's most comfortable and versatile FR T-shirt. This exceptionally lightweight technical tee lives up to its name with a specialized 3-D knit construction and an advanced moisture management system that wicks sweat, increases airflow, and facilitates rapid drying. Designed for at-risk professionals, the Breeze T-shirt features four-way stretch, a performance fit, and next-to-skin comfort. You'll love wearing it – on the job or off.

## FEATURES

### PERFORMANCE FABRICS

- Breeze is the same field-proven FR fabric used in Massif's Army-approved Army Combat Shirt
- Four-way stretch enhances range of motion and makes for easy layering
- Highly breathable fabric keeps you cool when the heat is on
- Advanced moisture management wicks sweat away from the skin
- Quick drying fabrics facilitate evaporative cooling
- Antimicrobial properties prevent smell build-up over time

### SMART DESIGN

- A performance fit eliminates excess fabric and bunching, but avoids a tight, constrictive fit
  - Ergonomic design offers more ease of fit through shoulders for unrestricted mobility
  - Extra length keeps shirt tucked in
- ⊕ Available in Tan, Foliage Green, and OD Green
