## BIB — MILITARY

Outerwear

Our feature-rich Elements™ Bib – Military is built for hard-working heroes faced with the harshest of cold environments. We used our tried-and-true Battleshield X® FR fabric, a flame-resistant nylon-faced laminate featuring Gore® stretch technology, to make a superior bib that delivers a significant leap in mobility, function, storage, and warmth. This bib features a unique fit system in both the shoulders and waist, resulting in a bib that passes both our legendary FR and durability standards for those grinding out long days in extreme cold.
