INVERSION

MEN'S & WOMEN'S FIT

Lightweight
+ Midweight
Base Layers

One touch and you'll be sold. A few cycles of wear, and you'll be touting your new favorite base layer. The Massif® Inversion base layers are engineered with an advanced tri-blend yarn system that provides unparalleled performance across multiple environments. This special blend plus the addition of Spandex generates improved range of motion, superior comfort, and extraordinary recovery for wash durability with no unsightly "bag outs." Sweat is rapidly wicked away from your body through a premier moisture-management system scientifically engineered for fast dry times. This results in a highly breathable garment that allows you to fully focus on your mission. To top it all off, industry-leading pill resistance combined with an advanced antimicrobial platform significantly boosts long-term wearability. Our design team's meticulous attention to detail has yielded a purpose-built base layer with enhanced next-to-skin comfort. Inversion base layers are durable and mission ready. Be prepared at every layer, with Massif.

OVERALL FEATURES:

- Flame-Resistant
- Superior Hand
- Premier Moisture-Management
- Outstanding Stretch and Recovery
- Industry-Leading Pill Resistance
- Ultra-Fast Dry Times
- Antimicrobial

SPECS: All Fabrics pass the ASTM D6413/F2302 Performance Specification for Flame-Resistance

LIGHTWEIGHT: Comfortable next-to-skin layer

MIDWEIGHT: Easily layered and can also be used as a stand-alone garment

COLORS: Navy, Tan 499, Tan 498, and Black
