Flamestretch® is our warmest flame-resistant base layer option, designed to not only fully insulate the end user but wick away moisture during operation. Wear it standalone or combined with Cool Knit® or HotJohns® to create a mission-dependent ensemble. Each garment is constructed with our proprietary Flamestretch® brushed-back knit fleece fabric that features DuPont™ Kevlar® and Nomex® brand fiber - the first flame-resistant fiber selected for use in military uniforms.

**SPECS:**

- All fabrics pass the ASTM D6413/F2302 performance specification for flame-resistance
